

California LTAP and the ITS Library: Successful Collaboration

**Future of Information Resources:
What's Next for LTAP/TTAP Libraries**

2009 National LTAP/TTAP Conference
Pittsburgh, PA

Rita Evans, Library Director, Institute of
Transportation Studies, UC Berkeley

Institute of Transportation Studies Library

- Resource lists
- Research services
- Multimedia training library
- Going, Going, Gone...

What we're asked for

- Publications from TRIS searches
- Specific reports
- Technical topics such as pavements, maintenance, safety
- Policy topics such as finance, administration
- TRB and ITE publications

Where are we going

- Expertise in new media and technologies
- Library as an information asset
- Data, data and more data
- Helping you find information whether you ask us or not
- Information literacy, searching skills
- Subject guides

Social Networking – MashTrans.org

MashTrans.org
Looking at transportation with a Web 2.0 lense.

[About](#) [Social Media](#) [Social Networking](#) [Mashups](#) [News and Updates](#)

Transportation information for moderns. Using Web 2.0 tools and applications to get people moving in the right direction.

I Will Ride on YouTube

Filed under: [YouTube](#) | Tags: [California](#), [LA](#), [MTA](#), [Transit](#), [Video](#) |

I Will Ride uses their **YouTube Channel** to post testimonials and pledges from local politicians, community leaders, and citizens that they will ride the proposed **Metro Gold Line** extension. This not only provides a face to the campaign, but encourages participation.

CA LTAP and ITS Library

Why it works

- Breadth and depth of collection
- Part of same organization, ITS
 - Collaboration
 - Leveraging of resources
- Mutually beneficial arrangement
- Library part of LTAP's service package
