**KENTUCKY TRANSPORTATION CENTER WELCOMES  
TECHNOLOGY TRANSFER ENGINEER**

(Lexington, KY – February 11, 2009) The Technology Transfer Program of the Kentucky Transportation Center is pleased to welcome Todd Morrison, P.E., as Technology Transfer Engineer. Morrison will both instruct courses for the Center as well as offer technical advice to the training programs. He is currently teaching the following:

**Roads Scholar and Road Master Program:** Environmental Awareness, Basic Plan Reading, Low-Cost Roadway Safety Improvements

**Work Zone Training and Qualification Programs:** Basic Work Zone Traffic Control & Flagger (also a Roads Scholar course, Work Zone Traffic Control Technician, and Work Zone Traffic Control Supervisor

Morrison retired from the Kentucky Transportation Cabinet after serving in the Divisions of Construction, Traffic and Maintenance. He has worked with environmental and regulatory concerns as an Environmental Coordinator, Maintenance Engineer, Resident Engineer, and as a Branch Manager for Operations.

For more information on upcoming courses visit us online at [www.kyt2.com](http://www.kyt2.com) or request your free wall calendar by contacting us at 800-432-0719. Technology Transfer offers a broad selection of training courses related to transportation, including the popular Roads Scholar and Road Master Training Program. These and other courses, including qualification training and testing, are offered throughout the year by the Technology Transfer Program of the Kentucky Transportation Center, located at the University of Kentucky, College of Engineering. More information on the Technology Transfer Program can be found at [www.kyt2.com](http://www.kyt2.com) or by contacting Dina Johnson, Conference Coordinator, at [djohnson@engr.uky.edu](mailto:djohnson@engr.uky.edu) or 800-432-0719.
