**Teleconference to access audio portion
888-989-3091
Passcode: 4178522**

The national Manual On Uniform Traffic Control Devices (MUTCD) has a requirement to maintain signs to at least a minimum level of retroreflectivity on all roads open to public travel. Compliance dates are fast approaching. This webinar will explain the requirements, what it means to you, and provide suggestions for your agency to comply with these requirements.
